SUPPLEMENTAL RESPONSE

The attached claim amendments are being furnished for the Examiner's review. This submission is being sent following the Examiner's phone call to applicant's representative on April 29th, 2003 during which the parties briefly discussed the pending claims and the prior art.

IN THE CLAIMS:

Please amend the claims as follows:

1. (twice amended) A rotor for electrical equipment, said rotor having at least one pair of poles, each pole having a length and a width and a winding encircling said length and said width, and said rotor comprising
